

SANTOSHI

FRONTEND DEVELOPER

📍 Delhi, India | 📞 7982461603 | ✉️ santoshiwebdev@gmail.com | 🌐 GitHub: [spystar20](#)

SUMMARY

Passionate and self-taught Frontend & WordPress Developer with hands-on experience in building responsive websites. Currently learning the MERN Stack to become a full-stack developer. Eager to join a creative team where I can grow and contribute with real-world projects.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, React, Tailwind CSS, AOS, Embla Carousel, React-router

Backend (Learning): Node.js, Express.js, MongoDB

CMS & E-Commerce: WordPress, WooCommerce, Elementor, Astra theme, Hello Biz theme

Version Control: Git & GitHub

Cloud Services: Render, Netlify, Vercel

PROJECTS

🍴 Doodle Garden – Fullstack Restaurant Website

🔗 [Doodle's garden](#)

- Built a fully responsive and animated restaurant site with real-time reservation form
- Backend built with Node.js & MongoDB for dynamic content management
- Designed smooth UI transitions and engaging layout using Tailwind CSS

🌍 Basti Ki Pathshala – NGO Website

🔗 [Basti Ki Pathshala](#)

- Developed an engaging, responsive website to support an NGO's education mission
- Integrated AOS animations and Embla Carousel for an interactive experience
- Designed impactful UI with accessibility and mobile responsiveness in mind

🎓 Skillnest – Learning Platform (React) (Work in Progress)

🔗 [Skillnest](#)

- Designed the frontend UI for a course listing and filtering experience
- Implemented modular components to scale into a full MERN stack project
- Focused on UX and smooth interactions to mimic real-world LMS platforms

🛍️ GlintAura – WooCommerce Website

🔗 [Glintaura](#)

- Custom WordPress site using Elementor
- WooCommerce integration for product listing and cart
- Focused on clean product layout and user experience
